

## Neighbourhood Watch Program in Woodpark?

Neighbourhood Watch is a program to help neighbours keep their eyes and ears open and to look out for each other. It aims to get citizens involved in discouraging and preventing crime in their communities.

Some residents have expressed an interest in having a Neighbourhood Watch Program in Woodpark. If you are interested in a Neighbourhood Watch Program in our neighbourhood and would be willing to volunteer, please email us at [info@woodpark.ca](mailto:info@woodpark.ca). We will be able to pursue this if there is enough interest.

## Stay in the Loop About Neighbourhood News

The best way to stay in the loop about neighbourhood events, initiatives, issues and news is to sign up for our email list. We send emails periodically about goings-on in the neighbourhood. Volunteers from your community association will be hand-delivering this newsletter and knocking on your door to ask if you wish to provide your email for this list. If we missed you and you would like to sign up, simply send an email to [info@woodpark.ca](mailto:info@woodpark.ca) with the subject line "SUBSCRIBE".

We assure you that we take your privacy seriously. Your contact information will only be used to send neighbourhood news to Woodpark residents and will not be given to anyone else. You can unsubscribe at any time.

## New Orchard Park has a New Play Structure!

The new play structure has been installed and is a big hit!

We are thrilled that the new play structure is in place and ready to go. This neighbourhood is incredibly thankful to have been given this wonderful new structure. It has loads of play value and includes play areas for all ages.

We would like to thank the Woodpark residents who submitted their suggestions and comments and to the team who took care of the installation. We would also like to extend a special thank you to Joanne Moran, a Landscape Architect with the City of Ottawa. She took the time to work with us to come up with the best possible design to work with the constraints of the small space in our park.

Have fun and see you at the park!
