- **Cleary New Orchard Planning Study:**
  - Walk through of our end of the neighbourhood will occur next week.
  - Proposal is complete but the area of the study has expanded to include the south side of Byron at the bottom of our neighbourhood (from Woodroffe to Richardson) which means that they will be looking at the zoning of the area. This was not part of the original scope of the study.

    - i. Closing Byron (public plaza space)
    - ii. Stop for new LRT between Harcourt and Woodland
    - iii. North-side of Byron, west side of Harcourt: there will be a curb added and you can park along this side. There will be additional parking near Richardson for "kiss and ride".
  - b. We will ask for traffic calming measures on Woodland Ave. because it will end up being used as a throughway to drop people off at LRT.
  - c. Encouraging the City to hold a meeting to discuss all the changes specifically for Woodpark.

There was a sewer issue identified further down the LRT that needs to be repaired which means that they will be able to fix the water issues in the park area and will be able to remove the swale.
- Sir John A. McDonald Parkway Trail: groomed trail with parking at Champlain. There is interest to have the trail extended to our neighbourhood. The Association will contact Mark Taylor to see if he has any information. Feedback to be provided to Celeste Mackenzie.

## **Food Sustainability**

- Location of the Community Garden was discussed and the redirection of the sewer will also benefit the garden project.
